Highway Distances in a geographic space between 10 Italian Cities (in Km)  
Every highway has three types of alteration in a 2D Euclidean space:

- 1) A longitudinal alteration
- 2) An altitude alteration:
- 3) A structural alteration

Flight Distances in a geographic space between 12 USA Cities (in miles)  
 Every air route has three types of alteration in a 2D Euclidean space:

- 1) A longitudinal alteration
- 2) An altitude alteration:
- 3) A structural alteration
